Optum Rx®

2027 Premium Standard Formulary

Effective Jan 1, 2027

For the most current list of covered medications or if you have questions:

Call the number on your member ID card.

Visit your plan's website on your member ID card or log on to the Optum Rx app to:

- Find a participating retail pharmacy by ZIP code.
- Look up possible lower-cost medication alternatives.
- Compare medication pricing and options.

Understanding your formulary

What is a formulary?

A formulary is a list of prescribed medications or other pharmacy care products, services or supplies chosen for their safety, cost, and effectiveness. Medications are listed by categories or classes and are placed into cost levels known as tiers. It includes both brand and generic prescription medications.

To create the list, Optum Rx® is guided by the Pharmacy and Therapeutics Committee. This group of doctors and pharmacists reviews which medications will be covered, how well the drugs work, and overall value. They also make sure there are safe and covered options.

How do I use my formulary?

You and your doctor can use the formulary to help you choose the most cost-effective prescription medications. This guide tells you if a medication is generic or brand, and if special rules apply. If your medication is not listed here, please visit your plan's website or call the number on your member ID card.

What are tiers?

Tiers are the different cost levels you pay for a medication. Each tier is assigned a cost, set by your employer or plan sponsor.

When does the formulary change?

- Medications may move to a lower tier at any time.
- Medications may move to a higher tier when a generic equal becomes available.
- Medications may move to a higher tier or be excluded from coverage on January 1 or July 1 of each year.

If a medication changes tiers, you may have to pay a different amount for that medication.

About this formulary

Where differences exist between this list and your benefit plan, the benefit plan documents rule. This is not a complete list of your covered medications. Please review your benefit plan documents for full details. Not all formulary alternatives listed in this document may be appropriate for your specific condition. Please talk to your doctor.

Why are some medications excluded from coverage?

A medication may be excluded from coverage under your pharmacy benefit when it works the same as or is similar to another prescription or over-the-counter (OTC) medication.

What if I don't agree with a decision about an excluded medication?

You, your authorized representative, or your doctor can ask for a coverage request by calling the number on your member ID card.

Medication tips

What is the difference between brand-name and generic medications?

Generic medications contain the same active ingredients (offer the same effect) as brand-name medications, but they often cost less. Once the patent for a brand-name medication ends, the FDA can approve a generic version with the same active ingredients.

What if my doctor writes a brand-name prescription?

If your doctor gives you a prescription for a brand-name medication, ask if a generic or lower-cost option could be right for you. Generic medications are usually your lowest-cost option.

What if I am taking a specialty medication?

Specialty medications are used to treat complex conditions. These high-cost medications may be injected, infused or taken by mouth. Please note, not all specialty medications are listed in the formulary. Our specialty pharmacy can provide most of your specialty medications along with helpful programs and services.

Over-the-counter medications (OTC)

Talk to your doctor about OTC options. Even though OTC medications may not be covered by your pharmacy benefit, they may cost less than a prescription medication.

Reading your formulary

The formulary gives you choices so you and your doctor can decide your best course of treatment. In this formulary, brand-name medications are shown in UPPERCASE (for example, CLOBEX). Generic medications are shown in lowercase (for example, clobetasol).

Tier information

Using lower tier or preferred medications can help you lower your out-of-pocket cost. Your plan may have multiple or no tiers. Please note: If you have a high-deductible plan, the tier cost levels will apply once you meet your deductible.

Drug tier	Includes	Helpful tips
Tier 1	$ **Lower-cost** generics and some brand name	Use tier 1 drugs for the lowest out-of-pocket costs.
Tier 2	$$ **Mid-range cost** preferred brand name	Use tier 2 drugs instead of tier 3 to help reduce your out-of-pocket costs.
Tier 3	$$$ **Higher-cost** brand name and some generics	Many tier 3 drugs have lower-cost options in tier 1 or 2. Ask your doctor if they could work for you.
Tier E	⊗ **Excluded**	May not be covered or need prior authorization. Lower-cost options are available and covered.
Tier 50%	$$$ **50% Coinsurance**	50% Coinsurance applies to infertility medications

Drug list information

In this drug list, some medications are noted with letters next to them to help you see which ones may have coverage requirements or limits. Your benefit plan decides how these medications may be covered.

M	Authorized generic or cobranded product
PA	**Prior authorization** – Your doctor is required to give Optum Rx more information to determine coverage.
QL	**Quantity limit** – Medication may be limited to a certain quantity.
SP	**Specialty medication** – Medication is designated as specialty.
ST	**Step therapy** – Must try lower-cost medication(s) before a higher-cost medication can be covered
3P	Tier 3 preferred
++	**Benefit design options** – Coverage is determined by your prescription medication benefit plan.

Optum Rx®

Premium PDL Free Meter Program

How to order your free CONTOUR® brand meter

Regular blood glucose testing can help you manage your diabetes and may lead to better glucose control.

Take advantage of this great offer

Your plan offers a Free Meter Program. With this program, you can get a blood glucose meter at no charge. For information on the free meter, please contact Ascensia Diabetes Care, makers of the **CONTOUR** brand at **1-800-401-8440** or visit **ascensiadiabetes.com**.

Order a **CONTOUR** branded meter by calling **1-800-401-8440.**

Mention ID code **CTR-OPX.**

How to get your free meter

1. Discuss with your doctor and select the meter that is best for you.
2. Once you decide, follow the instructions on your next steps. You can get your free meter at a retail pharmacy. For CONTOUR®NEXT or CONTOUR®PLUS BLUE products, you can also call the manufacturer directly.

CONTOUR

CONTOUR®NEXT or CONTOUR® PLUS BLUE
Order by phone or at a retail pharmacy

Blood glucose monitors		Test strips
