What To Do Now

- Check the changes to our benefits and costs to see if they affect you.** It is important to review benefit and cost changes to determine how they will affect. Read this document for possible benefit and cost changes for our plan.
 - Check the changes to our prescription drug coverage to see if they affect you.** Will your drugs be covered? Are they in a different tier? Can you continue to use the same pharmacies? It is important to review the changes to make determine how they will impact you next year. Review the 2025 Drug List and look in Section 1.3 for information about changes to our drug coverage.
 - Think about your overall costs in the plan.** How much will you spend out-of-pocket for the services and prescription drugs you use regularly? How much will you spend on your premium? How do the total costs compare to other Medicare coverage options?
 - Think about whether you are happy with our plan.**
 - Look in Section 1 for information about benefit and cost changes for our plan.**
-

If you decide to stay with State Health Plan PPO Medicare Prescription Drug Plan:

If you want to stay with us next year, you do not need to do anything. You will remain enrolled in our plan.

If you decide to change plans:

If you decide other coverage will better meet your needs, you can switch plans anytime during the year. If you enroll in another Prescription Drug Plan other than State Health Plan PPO Medicare Prescription Drug Plan, it may affect other benefits, such as your medical coverage. It is important that you read your *Evidence of Coverage* thoroughly and understand any implications of leaving your current plan.

Summary of Important Costs for 2025

The table below compares costs for 2024 and 2025 for State Health Plan PPO Medicare Prescription Drug Plan in several important areas. **Note this is only a summary of changes. It is important to read the rest of this *Annual Notice of Changes* and review the enclosed *Evidence of Coverage* to see if other benefit or cost changes affect you.**

Drug Tier	Helpful Tips
Tier 1	Most generic drugs are listed under Tier 1 and have the lowest copayments.
Tier 2	Drugs listed under Tier 2 generally include preferred brand-name drugs that have lower copayments than non-preferred brand-name drugs.
Tier 3	Drugs listed under Tier 3 generally have higher copayments than preferred brand-name drugs and may include some specialty or high-cost drugs*.

* High-Cost (and some Specialty) drugs are those that cost \$950 or more for up to a 30-day maximum supply. These types of drugs will be labeled in the *Abridged Formulary* as “NDS” under the “Requirements/Limits” column.

2024 (this year)			
Covered Prescription Drugs	Retail Pharmacy (up to a 30-day supply)	Retail Pharmacy (up to a 90-day supply)	Home Delivery Pharmacy (see day supply below)
Cost Sharing Tier 1 (Generic Drugs)	\$10	\$20	30-day supply = \$7 60-day supply = \$14 90-day supply = \$20
Cost Sharing Tier 2 (Preferred Brand Drugs)	\$30	\$60	30-day supply = \$20 60-day supply = \$40 90-day supply = \$60
Cost Sharing Tier 3 (Non-Preferred Brand Drugs)	\$60	\$120	30-day supply = \$40 60-day supply = \$80 90-day supply = \$120
*High-Cost Drugs are drugs that cost \$950 or more (for up to a 30-day maximum supply).			
There are no changes for 2025 (next year)			

SECTION 1 Changes to Benefits and Costs for Next Year

Section 1.1 Changes to the Monthly Premium

	2024 (this year)	2025 (next year)
Monthly premium	Please contact the Office of Retirement Services (ORS) at 800-381-5111, Monday through Friday, 8:30 a.m. - 5:00 p.m. Eastern time with questions regarding any plan premium you may have.	Please contact the Office of Retirement Services (ORS) at 800-381-5111, Monday through Friday, 8:30 a.m. - 5:00 p.m. Eastern time with questions regarding any plan premium you may have.

- If you have Medicare Part B, you must continue to pay your Medicare Part B premium.
- Your monthly plan premium will be **more** if you are required to pay a late enrollment penalty for going without other drug coverage that is at least as good as Medicare drug coverage (also referred to as “creditable coverage”) for 63 days in a row or more.
- If you have a higher income, you may have to pay an additional amount each month for your Medicare prescription drug coverage. This will be paid directly to the government. Please refer to your *Evidence of Coverage* for more information.
- Your monthly premium will be **less** if you are receiving “Extra Help” with your prescription drug costs.

Section 1.2 Changes to the Pharmacy Network

Amounts you pay for your prescription drugs may depend on which pharmacy you use. Medicare Prescription Drug Plans have a network of pharmacies. In most cases, your prescriptions are covered **only** if they are filled at one of our network pharmacies.

There are changes to our network of pharmacies each year. An up-to-date Pharmacy Directory listing can be found by using the “Pharmacy Locator” tool on our member website at optumrx.com (under the “Member Tools” tab). You can review the listing to see which pharmacies are in our network and near you. For updated pharmacy information, you may also call Optum Rx. Our contact information is on the front cover of this document.

Section 1.3 Changes to Part D Prescription Drug Coverage

Changes to our Drug List

Our list of covered drugs is called a Formulary or “Drug List.” **Review the Drug List to make sure your drugs will be covered next year and to see if there will be any additional restrictions.** There are 3 ways to get updated information about covered drugs for your plan:

- Visit our website at optumrx.com and click on the “Drug Information” tool (found under the “Member Tools” tab).
- Visit our website at optumrx.com and download a copy of the formulary from the “Forms” page.
- Call Optum Rx at 1-866-635-5941 to have a copy mailed to you.

We made changes to our Drug List. This includes changes to covered drugs and changes to restrictions that apply to our coverage for certain drugs. We are allowed to make changes to the Drug List from time to time throughout the year, as allowed by Medicare rules. We can also remove drugs considered unsafe by the FDA or withdrawn from the market by a product manufacturer.

Note: The restriction of a 30-day maximum supply limit on opioid drugs at both retail and home delivery pharmacies still remains in effect. There is also a 30-day maximum supply limit for some specialty and high-cost rugs. High-cost drugs are drugs that cost \$950 or more.

If you are affected by a change in drug coverage you can work with your doctor (or prescriber) to:

- **Ask the plan to make an exception** to cover the drug. You can ask for an exception before next year and we will give you an answer before the change takes effect. To learn how to ask for an exception, see Chapter 7 of your *Evidence of Coverage* or call Optum Rx.
- **Find a different drug** that we cover. You can call Optum Rx to ask for a list of covered drugs that treat the same medical condition. Our contact information is on the front cover of this document.

In some situations, we will cover a **one-time**, temporary supply of a non-formulary drug in the first 90 days of the plan year or the first 90 days of membership. To learn more about when you can get a temporary supply and how to ask for one, see Chapter 3 of the *Evidence of Coverage*. When you are using a temporary supply of a drug, you should talk with your doctor (or prescriber) to decide what to do when your temporary supply runs out. You can either switch to a different drug covered by the plan or ask the plan to make an exception for you and cover your current drug.

If you currently have a formulary exception on file for the 2024 plan year, you may need to submit a new request for an exception for 2025. The approval letter you received contains a start and end date for the approval. Please refer to that letter to determine if a request for a new exception is needed.

Changes to Prescription Drug Costs

There are 3 drug payment stages. How much you pay for a Part D drug depends on which drug payment stage you are in.

The following information shows the 3 drug payment stages. You can also look in your *Evidence of Coverage* for more information about these stages.

Note: If you are in a program that helps pay for your drugs (called Extra Help), the information about costs for Part D prescription drugs may not apply to you. We will send you a separate insert, called the “Low Income Subsidy Rider” (or the “LIS Rider”), that tells you about your drug coverage. If you receive this insert, please call Optum Rx. Our contact information is on the front cover of this document.

The information below shows changes for next year to the first 2 stages – Yearly Deductible and Initial Coverage (most members do not reach the Catastrophic Coverage Stage). For information about your costs in these stages, see Chapter 4 in the enclosed *Evidence of Coverage*.

Important Message About What You Pay for Vaccines - Our plan covers most Part D vaccines at no cost to you. Call Member Services for more information.

Important Message About What You Pay for Insulin - You won't pay more than \$35 for a one-month supply of each insulin product covered by our plan, no matter what cost-sharing tier it's on.

Section 1.4 Changes to the Part D Plan Service Area

Service Area Expansion

The service area for this plan includes the United States, District of Columbia, Guam, Puerto Rico, the US Virgin Islands, Northern Mariana Islands, and American Samoa. Keep in mind, if you move out of the service area, you will be disenrolled from this plan. It is important that you notify the Office of Retirement Services at 800-381-5111, Monday through Friday, 8:30 a.m. – 5:00 p.m., if you plan to move outside the service area.

SECTION 2 Administrative Changes

	2024 (this year)	2025 (next year)
Medicare Prescription Payment Plan	Not applicable	<p>The Medicare Prescription Payment Plan is a new payment option that works with your current drug coverage, and it can help you manage your drug costs by spreading them across monthly payments that vary throughout the year (January – December).</p> <p>To learn more about this payment option, please contact us at 1-866-635-5941 or visit Medicare.gov.</p>

SECTION 3 Deciding Which Plan to Choose

Section 3.1 If You Want to stay in State Health Plan PPO Medicare Prescription Drug Plan

To stay in our plan, you do not need to do anything. If you do not sign up for a different plan, you will remain enrolled as a member of our plan for 2025.

Section 3.2 If You Want to Change Plans

We hope to keep you as a member next year. If you want to make a change for 2025 follow these steps:

Step 1: Learn about and compare your choices

- You can join a different Medicare Prescription Drug Plan.
- You can change to a Medicare health plan. Some Medicare health plans also include Part D prescription drug coverage.
- You can keep Original Medicare *without* a separate Medicare Prescription Drug Plan.

This prescription drug coverage is offered in conjunction with your State Health Plan MA PPO or Blue Cross Blue Shield of Michigan Medicare Plus Blue Group PPO medical coverage. If you choose a different Medicare Advantage plan, you will lose your prescription drug coverage.

To learn more about Original Medicare and the different types of Medicare plans, read the *Medicare & You* handbook, call your State Health Insurance Assistance Program, or call Medicare.

You can also find information about plans in your area by using the Medicare Plan Finder on the Medicare website. Go to www.medicare.gov and select “Find health and drug plans.” **This site provides information about costs, coverage, and quality ratings for Medicare plans.**

Step 2: Change your coverage

- To change to a **different Medicare Prescription Drug Plan**, enroll in the new plan. You will automatically be disenrolled from State Health Plan MA PPO Medicare Prescription Drug Plan.
- To **change to a Medicare health plan**, enroll in the new plan. You will automatically be disenrolled from State Health Plan MA PPO Medicare Prescription Drug Plan.
- To **change to Original Medicare without a prescription drug plan**, you can either:
 - Send us a written request to disenroll. Contact Optum Rx if you need more information on how to do this. Our contact information is on the front cover of this document.
 - Contact **Medicare**, at 1-800-MEDICARE (1-800-633-4227), TTY 1-877-486-2048, 24 hours a day, 7 days a week, and ask to be disenrolled.

Note: This prescription drug coverage is offered in conjunction with your Blue Cross Blue Shield of Michigan Medicare Plus Blue Group PPO medical coverage. If you choose a different Medicare Advantage plan, you will lose your prescription drug coverage.

SECTION 4 Deadline for Changing Plans

If you want to change to a different prescription drug plan or to a Medicare health plan for next year, you can do it anytime during the year. The change will take effect on first day of the following month.

SECTION 5 Programs That Help Pay for Prescription Drugs

You may qualify for help paying for prescription drugs. There are 3 basic kinds of help:

- **“Extra Help” from Medicare.** People with limited income may qualify for Extra Help to pay for their prescription drug costs. If you qualify, Medicare could pay up to 75 percent or more of your drug costs including monthly prescription drug premiums, annual deductibles, and coinsurance. Additionally, those who qualify will not have a late enrollment penalty. To see if you qualify, you can call:
 - 1-800-MEDICARE (1-800-633-4227), TTY 1-877-486-2048 24 hours a day, 7 days a week
 - The Social Security Administration at 1-800-772-1213, TTY 1-800-325-0778, 7 a.m. - 7 p.m., Monday - Friday.
 - Your state Medicaid office
- **Help from your state’s pharmaceutical assistance program** - There are programs that help people pay for prescription drugs based on their financial need, age, or medical condition. To learn more about the program, check with your State Health Insurance Assistance Program.
- **Prescription cost-sharing assistance for people with HIV/AIDS** - The AIDS Drug Assistance Program (ADAP) helps ensure that ADAP-eligible individuals living with HIV/AIDS have access to life-saving HIV medications. Individuals must meet certain criteria, including proof of state residence and HIV status, low income as defined by the state, and uninsured/under-insured status. Medicare Part D prescription drugs that are also covered by ADAP qualify for prescription cost-sharing assistance. For information on eligibility criteria, covered drugs, or how to enroll in the program, contact the program in your local state of residence.
- **The Medicare Prescription Payment Plan** - The Medicare Prescription Payment Plan is a new payment option to help you manage your out-of-pocket drug costs, starting in 2025. This new payment option works with your current drug coverage, and it can help

you manage your drug costs by spreading them across monthly payments that vary throughout the year (January – December). This payment option might help you manage your expenses, but it doesn't save you money or lower your drug costs.

“Extra Help” from Medicare and help from your SPAP and ADAP, for those who qualify, is more advantageous than participation in the Medicare Prescription Payment Plan. All members are eligible to participate in this payment option, regardless of income level, and all Medicare drug plans and Medicare health plans with drug coverage must offer this payment option. To learn more about this payment option, please contact us at [insert appropriate member services phone number] or visit Medicare.gov.

Fraud, waste, and abuse is a serious matter. It is in your best interest to protect yourself from fraudulent schemes. The Centers for Medicare & Medicaid Services (also called CMS or Medicare) has partnered with a national Medicare Drug Integrity Contractor (MEDIC) to help detect, correct, and prevent fraudulent behavior within Medicare Part C and Medicare Part D. In collaboration with CMS, the MEDIC has developed several pamphlets that are designed to provide you with critical information related to fraud, waste, and abuse. They include information on what to look for and how to report it if you suspect that you may have been subjected to fraud. These pamphlets can be found online at optumrx.com on the “Forms” page.
