

Medication list for 90-day retail and home delivery programs

Effective January 1, 2026

For each therapeutic class, this is a list of the most commonly prescribed maintenance medications.

This is not a complete list of all the covered maintenance medications. Call the number on your member ID card if you have questions about a specific medication not on this list or about how to fill prescriptions.

In this medication list update, brand-name medications are shown in UPPERCASE (for example, CELEXA). Generic medications are shown in lowercase (for example, citalopram).
