

## PERS Gold Medicare Part D Prescription Drug Plan (PDP)

### Your 2024 Abridged Formulary (partial list of covered drugs)

Sponsored by CalPERS, administered by Optum Rx<sup>®</sup>

Effective January 1, 2024

**Please read: this document contains information about the drugs we cover in this plan.**

This abridged formulary was updated on August 28, 2023, and is not a complete list of drugs covered by our plan. For more recent information or if you have questions, please contact:

---

#### Optum Rx Member Services

**Phone** (toll-free): 1-855-505-8106  
**TTY users:** 711  
**Hours of operation:** 24 hours a day, 7 days a week  
**Website:** [optumrx.com/calpers](https://optumrx.com/calpers)

---

**Important Message About What You Pay for Vaccines** - Our plan covers most Part D vaccines at no cost to you. Call Member Services for more information.

**Important Message About What You Pay for Insulin** - You won't pay more than \$35 for a one-month supply of each insulin product covered by our plan, no matter what cost-sharing tier it's on.

**Note to existing members:** This formulary has changed since last year. Please review this document to make sure it still contains the drugs you take.

When this drug list (formulary) refers to "we," "us," or "our," it means Optum Rx. When it refers to "plan" or "our plan," it means PERS Gold Medicare Part D Prescription Drug Plan.

In most instances, you must use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, premium, and/or copayments/coinsurance may change on January 1, 2025.

## What is the Abridged Formulary?

A formulary is a list of covered drugs selected by PERS Gold Medicare Part D Prescription Drug Plan in consultation with Optum Rx and a team of healthcare providers. It represents the prescription therapies believed to be a necessary part of a quality treatment program. This plan will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at an Optum Rx network pharmacy, and other plan rules are followed.

This document is a partial formulary and includes only some of the drugs covered by this plan. For a complete listing of all prescription drugs covered, please visit our website or call us. Our contact information, along with the date we last updated the formulary, is shown on the front and back cover pages.

## Can the formulary (drug list) change?

Yes. If you are taking a drug on our 2024 formulary that is covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2024 coverage year except when a new, less-expensive generic drug becomes available, or when new adverse information about the safety or effectiveness of a drug is released.

If we make a negative change to our formulary (i.e. add prior authorization, quantity limit, and/or step therapy restrictions on a drug, or move a drug to a higher cost-sharing tier, if applicable), we must notify affected members. Members will receive a notice regarding the change at least 60 days before the change becomes effective, or at the time the member requests a refill of the drug. The member will receive a 30-day supply of the drug. If the Food and Drug Administration (FDA) deems a drug on our formulary to be unsafe, or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.

The enclosed formulary is current as of January 1, 2024. To get updated information about covered drugs, please contact Optum Rx Member Services. You may also visit our website at [optumrx.com/calpers](http://optumrx.com/calpers) where you will find the most up-to-date information about our list of covered drugs (formulary) by using the "Drug Information" tool (found under the "Member Tools" tab). Our contact information is shown on the front and back cover pages.

## How do I use the formulary?

There are two ways to find your drug within the formulary:

- **Medical Condition**

The formulary begins on page 7. The drugs in this formulary are grouped into categories depending on the type of medical condition(s) they are used to treat. For example, drugs used to treat a heart condition are listed under the category "Cardiovascular Agents." If you know what your drug is used for, look for the category name in the list that begins on page 7. Then, look under the category name for your drug.

- **Alphabetical Listing**

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 30. The Index provides an alphabetical list of all drugs included in this document. Both brand-name drugs and generic drugs are listed in the Index.

## Formulary design

The formulary structure features generic drugs, preferred brand-name drugs, and non-preferred brand-name drugs.

Drug Tier	Helpful Tips
Tier 1	Mostly generic drugs are listed under Tier 1 and have the lowest copayments.
Tier 2	Drugs listed under Tier 2 generally include preferred brand-name drugs that have lower copayments than non-preferred brand-name drugs.
Tier 3	Drugs listed under Tier 3 generally have higher copayments than preferred brand-name drugs and may include some specialty or high-cost drugs*.

\* High-Cost (and some Specialty) drugs are those that cost \$950 or more for up to a 30-day maximum supply. These types of drugs are in the Abridged Formulary as NDS under the Requirements/Limits column.

Please refer to your *Evidence of Coverage* for more information.

### What are generic drugs?

Our plan covers both brand-name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand-name drug. Generally, generic drugs cost less than brand-name drugs.

### Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

---

**Prior Authorization (PA)** You or your physician may need to get prior authorization for certain drugs. This means you will need to get approval from Optum Rx before you fill your prescriptions. If you do not get approval, the drug may not be covered.

---

**Quantity Limits (QL)** For certain drugs, there is a limit on the amount of the drug we will cover.

---

**Step Therapy (ST)** In some cases, it is required that you first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.

---

To find out if your drug has any additional requirements or limits, look in the formulary that begins on page 7. You can also get more information about restrictions applied to specific covered drugs by visiting our website or by calling Optum Rx Member Services. Our contact information, along with the date we last updated the formulary, is shown on the front and back cover pages.

You can ask Optum Rx to make an exception to these restrictions or limits, or for a list of other similar drugs that may treat your health condition. See the section “How do I request an exception to the formulary?” on page 4 for additional information.

### **What if my drug is not on the formulary?**

If your drug is not included in this formulary (list of covered drugs), you should first contact Optum Rx Member Services and ask if your drug is covered. This document includes only a partial list of covered drugs, so we may cover your drug. Our contact information, along with the date we last updated the formulary, is shown on the front and back cover pages.

If your drug is not covered, you have two options:

- You can ask Member Services for a list of similar drugs that are covered. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered.
- You can ask Optum Rx to make an exception and cover your drug. See below for information about how to request an exception.

CalPERS offers supplemental coverage on **some** prescription drugs not normally covered under Medicare Part D. Please contact Optum Rx for any questions regarding your supplemental coverage. Our contact information is shown on the front and back cover pages.

### **How do I request an exception to the formulary?**

You can ask Optum Rx to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make:

- You can ask us to cover a drug even if it is not on our formulary. If approved, the drug will be covered at a predetermined cost-sharing level, and you will not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to cover a formulary drug at a lower cost-sharing level. If approved, this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, we may limit the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

**Note:** If we grant your request to cover a drug that is not on our formulary, you may not ask us to provide a higher level of coverage for the drug.

Generally, we will only approve your request for an exception if the drug is included on the plan’s formulary, or if additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact Optum Rx for an initial coverage decision for a formulary, tier, or utilization restriction exception. **When you request a formulary, tier, or utilization restriction exception, you must submit a statement from your doctor (or other prescriber) supporting your request.**

Generally, we must make our decision within 72 hours of getting your doctor’s (or other prescriber’s) supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor (or other prescriber).

## **Should I talk to my doctor about changing my drugs or requesting an exception?**

As a new or continuing member in our plan, you may be taking drugs that are not on our formulary, or you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor (or other prescriber) to decide if you should switch to an appropriate drug that we cover or request a formulary exception. While you talk to your doctor (or other prescriber) to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs not on our formulary, or if your ability to get your drugs is limited, we will cover a temporary 30-day supply (unless you have a prescription written for fewer days) when you go to a network pharmacy. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility, we will allow you to refill your prescription until we have provided you with a 31-day transition supply, written for as many pills as necessary, unless you have a prescription written for fewer days. We will cover more than one refill of these drugs for the first 90 days you are a member of our plan. If you need a drug that is not on our formulary, or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug (unless you have a prescription for fewer days) while you get a formulary exception.

If you are a current enrollee with a level-of-care change and you need a drug that is not on our formulary, or if your ability to get your drugs is limited, we will cover a temporary 31-day transition supply (unless you have a prescription written for fewer days) while you seek a formulary exception. If you are in the process of seeking an exception, we will consider allowing continued coverage until a decision is made.

---

### **For more information**

For more detailed information about your prescription drug coverage, please review your other plan materials. If you have questions about the plan, please call Optum Rx. Our contact information, along with the date we last updated the formulary, is shown on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day, 7 days a week. TTY users should call 1-877-486-2048. You may also visit [medicare.gov](http://medicare.gov).

---

## Formulary

The formulary below provides coverage information about some of your covered drugs. If you have trouble finding your drug in the list, turn to the Index that begins on page 30.

**Remember:** This is only a partial list of covered drugs. If your prescription is not in this partial list, please contact us. Our contact information, along with the date we last updated the formulary, is shown on the front and back cover pages.

The first column of the chart lists the drug name. Brand-name drugs are capitalized (e.g., COZAAR), and generic drugs are listed in lower-case italics (e.g., *atenolol*). The following abbreviations listed in the “Requirements/Limits” column let you know if there are any special requirements for coverage of your drug.

Requirements/Limits	Helpful Tips
<b>B/D</b>	This prescription drug has a Part B versus Part D administrative prior authorization requirement. This drug may be covered under Medicare Part B or Part D depending upon the circumstances. Information may need to be submitted describing the use and setting of the drug to make the determination.
<b>NDS</b>	Non-Extended Days' Supply. This prescription drug is not available for an extended days' supply.
<b>PA</b>	Prior Authorization. Our plan requires you or your physician to get prior authorization for certain drugs. This means you will need to get approval from Optum Rx before you fill your prescriptions. If you do not get approval, your drug may not be covered.
<b>QL</b>	Quantity Limit. For certain drugs, our plan limits the amount of the drug we will cover.
<b>ST</b>	Step Therapy. In some cases, our plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.

## **Nondiscrimination notice and access to communication services**

Optum Rx and its family of affiliated Optum companies do not discriminate on the basis of race, color, national origin, age, disability, or sex in its health programs or activities.

We provide assistance free of charge to people with disabilities or whose primary language is not English. To request a document in another format, such as large print, or to get language assistance such as a qualified interpreter, please call the number located on the back of your prescription ID card (TTY 711). Representatives are available 24 hours a day, 7 days a week.

If you believe we have failed to provide these services or discriminated in another way based on race, color, national origin, age, disability, or sex, you can send a complaint to:

Optum Rx Civil Rights Coordinator  
11000 Optum Circle  
Eden Prairie, MN 55344

Phone: **1-800-562-6223 (TTY 711)**  
Fax: 1-855-351-5495  
Email: **Optum\_Civil\_Rights@Optum.com**

If you need help filing a complaint, please call the number located on the back of your prescription ID card (TTY 711). Representatives are available 24 hours a day, 7 days a week. You can also file a complaint directly with the U.S. Department of Health and Human Services online, by phone, or by mail:

**Online:** <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>  
Complaint forms are available at:  
<https://www.hhs.gov/ocr/complaints/index.html>

**Phone:** Toll-free **1-800-368-1019**, 1-800-537-7697 (TDD)

**Mail:** U.S. Dept. of Health and Human Services  
200 Independence Avenue, SW  
Room 509F, HHH Building  
Washington, D.C. 20201

This information is available in other formats like large print. To ask for another format, please call the telephone number listed on your health plan ID card.

## Multi-Language Insert

### Multi-language Interpreter Services

**English:** We have free interpreter services to answer any questions you may have about our health or drug plan. To get an interpreter, just call us at 1-855-505-8106. Someone who speaks English/Language can help you. This is a free service.

**Spanish:** Tenemos servicios de intérprete sin costo alguno para responder cualquier pregunta que pueda tener sobre nuestro plan de salud o medicamentos. Para hablar con un intérprete, por favor llame al 1-855-505-8106. Alguien que hable español le podrá ayudar. Este es un servicio gratuito.

**Chinese Mandarin:** 我们提供免费的翻译服务，帮助您解答关于健康或药物保险的任何疑问。如果您需要此翻译服务，请致电 1-855-505-8106。我们的中文工作人员很乐意帮助您。这是一项免费服务。

**Chinese Cantonese:** 您對我們的健康或藥物保險可能存有疑問，為此我們提供免費的翻譯服務。如需翻譯服務，請致電 1-855-505-8106。我們講中文的人員將樂意為您提供幫助。這是一項免費服務。

**Tagalog:** Mayroon kaming libreng serbisyo sa pagsasaling-wika upang masagot ang anumang mga katanungan ninyo hinggil sa aming planong pangkalusugan o panggamot. Upang makakuha ng tagasaling-wika, tawagan lamang kami sa 1-855-505-8106. Maaari kayong tulungan ng isang nakakapagsalita ng Tagalog. Ito ay libreng serbisyo.

**French:** Nous proposons des services gratuits d'interprétation pour répondre à toutes vos questions relatives à notre régime de santé ou d'assurance-médicaments. Pour accéder au service d'interprétation, il vous suffit de nous appeler au 1-855-505-8106. Un interlocuteur parlant Français pourra vous aider. Ce service est gratuit.
