Important Questions	Answers	Why This Matters:
What is the overall deductible?	For participating providers \$500 individual / \$1,000 family and non-participating providers \$750 individual / \$1,500 family.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. Preventive care and prescription drugs listed in your complete terms of coverage.	This plan covers some items and services even if you haven't yet met the deductible amount. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at healthcare.gov/coverage/preventive-care-benefits .
Are there other deductibles for specific services?	No.	You don't have to meet separate deductibles for specific services.
What is the out-of-pocket limit for this plan?	Medical: participating providers \$2,500 individual / \$5,000 family; non-participating providers \$5,000 individual / \$10,000 family; Prescription Drug: \$4,100 individual / \$8,200 family.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
