## About Harvard Pilgrim's formulary

Harvard Pilgrim's formulary is a list of therapeutically safe and effective medications for treating most common medical conditions. The list is continually updated to incorporate the most recent decisions of Harvard Pilgrim's Pharmacy Services Department and our Pharmacy & Therapeutics Committee.

## Harvard Pilgrim's Premium 3-Tier Prescription Drug Program

Covered medications are categorized in one of the three tiers described below. Our tiered benefit structure encourages patients and physicians to discuss pharmaceutical treatment options and choose the drug that is therapeutically appropriate. This kind of patient/physician dialogue is an important component in promoting quality, cost-effective care.

## How do I use my Premium 3-Tier Prescription Drug List?

The following list is alphabetical, with a coverage indicator listed to the right of the drug name. To find out how we cover a drug you are currently taking:

1. Under "Drug," look up the name of your medication.
2. Once you find the medication, check the coverage indicator to the right of the drug name.

Coverage indicator	Description
<b>\$0</b>	Drug may be covered without member cost sharing for some benefit plans.
<b>Tier 1 (\$)</b>	Tier 1 is primarily made up of generic drugs. These drugs contain the same active ingredients as their brand-name counterparts. Tier 1 may also include brand-name drugs that your plan has determined to be more effective, less costly or to have fewer side effects than similar medications.
<b>Tier 2 (\$\$)</b>	Tier 2 is primarily made up of brand name drugs that have no generic equivalents available. These drugs have been selected by your plan based on review of the relative safety, effectiveness and cost of the many brand-name drugs on the market. Tier 2 may also include generic drugs that your plan has determined to be more costly than similar medications.
<b>Tier 3 (\$\$\$)</b>	Tier 3 is made up of drugs that your plan has not included in Tier 1 or Tier 2.
<b>Medical (MD)</b>	Drug covered under medical benefit and may be obtained at a retail pharmacy.

**Please note:** Some plans may require you to pay a deductible for prescription medications before copayments and/or coinsurance apply. Refer to your Prescription Drug Brochure for details.

## Maintenance medication opportunities

You can fill a 90-day supply of maintenance medications at retail pharmacies. Ask your pharmacist if your prescription is able to be converted to a 90-day supply to decrease your trips to the pharmacy.

## Mail Order Pharmacy available from Optum Home Delivery

You can use Optum® Home Delivery to have a 90-day supply of maintenance medications delivered to your home. Standard shipping is free. To get started, visit [harvardpilgrim.org/rx](https://harvardpilgrim.org/rx) or call Optum Home Delivery at **(855) 258-1561** (TTY: **711**). Be sure to have your Harvard Pilgrim ID number, prescription number(s) and credit card information ready when you call.

## Request an Exception

If your doctor decides it is medically necessary for you to take a drug not listed, they can submit a coverage request to Harvard Pilgrim through the Medical Review Process. If your doctor wants you to take a medication that your plan doesn't cover or limits, visit [harvardpilgrim.org/rx](https://harvardpilgrim.org/rx) or call Member Services.

## Medical Review

Harvard Pilgrim has pharmacy programs in place to help manage the pharmacy benefit. Requests for medically necessary review for coverage of drugs included in the New-To-Market Drug Evaluation Process (NTM), Prior Authorization Program (PA), Step Therapy Program (ST), or Quantity Limitations Program (QL) should be completed by the physician and sent to Harvard Pilgrim. Drugs excluded under your pharmacy benefit will not be covered through this process. The request must include clinical information that supports why the drug is medically necessary for you. Harvard Pilgrim will approve the request if it meets coverage guidelines. If Harvard Pilgrim does not approve the request, you have the right to appeal. The appeal process is described in your benefit document.

Visit **harvardpilgrim.org/rx** to:

- Locate a participating retail pharmacy
- Look up possible lower-cost medication alternatives
- Compare medication pricing and options

This list is subject to change at any time. Created: October 1, 2024  
Harvard Pilgrim Health Care includes Harvard Pilgrim Health Care,  
Harvard Pilgrim Health Care of New England and HPHC Insurance Company.

## About Harvard Pilgrim's formulary

Harvard Pilgrim's formulary is a list of therapeutically safe and effective medications for treating most common medical conditions. The list is continually updated to incorporate the most recent decisions of Harvard Pilgrim's Pharmacy Services Department and our Pharmacy & Therapeutics Committee.

## Harvard Pilgrim's Premium 3-Tier Prescription Drug Program

Covered medications are categorized in one of the three tiers described below. Our tiered benefit structure encourages patients and physicians to discuss pharmaceutical treatment options and choose the drug that is therapeutically appropriate. This kind of patient/physician dialogue is an important component in promoting quality, cost-effective care.

## How do I use my Premium 3-Tier Prescription Drug List?

The following list is alphabetical, with a coverage indicator listed to the right of the drug name. To find out how we cover a drug you are currently taking:

1. Under "Drug," look up the name of your medication.
2. Once you find the medication, check the coverage indicator to the right of the drug name.

Coverage indicator	Description
<b>\$0</b>	Drug may be covered without member cost sharing for some benefit plans.
<b>Tier 1 (\$)</b>	Tier 1 is primarily made up of generic drugs. These drugs contain the same active ingredients as their brand-name counterparts. Tier 1 may also include brand-name drugs that your plan has determined to be more effective, less costly or to have fewer side effects than similar medications.
<b>Tier 2 (\$\$)</b>	Tier 2 is primarily made up of brand name drugs that have no generic equivalents available. These drugs have been selected by your plan based on review of the relative safety, effectiveness and cost of the many brand-name drugs on the market. Tier 2 may also include generic drugs that your plan has determined to be more costly than similar medications.
<b>Tier 3 (\$\$\$)</b>	Tier 3 is made up of drugs that your plan has not included in Tier 1 or Tier 2.
<b>Medical (MD)</b>	Drug covered under medical benefit and may be obtained at a retail pharmacy.

**Please note:** Some plans may require you to pay a deductible for prescription medications before copayments and/or coinsurance apply. Refer to your Prescription Drug Brochure for details.

## Maintenance medication opportunities

You can fill a 90-day supply of maintenance medications at retail pharmacies. Ask your pharmacist if your prescription is able to be converted to a 90-day supply to decrease your trips to the pharmacy.

## Mail Order Pharmacy available from Optum Home Delivery

You can use Optum® Home Delivery to have a 90-day supply of maintenance medications delivered to your home. Standard shipping is free. To get started, visit [harvardpilgrim.org/rx](https://harvardpilgrim.org/rx) or call Optum Home Delivery at **(855) 258-1561** (TTY: **711**). Be sure to have your Harvard Pilgrim ID number, prescription number(s) and credit card information ready when you call.

## Request an Exception

If your doctor decides it is medically necessary for you to take a drug not listed, they can submit a coverage request to Harvard Pilgrim through the Medical Review Process. If your doctor wants you to take a medication that your plan doesn't cover or limits, visit [harvardpilgrim.org/rx](https://harvardpilgrim.org/rx) or call Member Services.

## Medical Review

Harvard Pilgrim has pharmacy programs in place to help manage the pharmacy benefit. Requests for medically necessary review for coverage of drugs included in the New-To-Market Drug Evaluation Process (NTM), Prior Authorization Program (PA), Step Therapy Program (ST), or Quantity Limitations Program (QL) should be completed by the physician and sent to Harvard Pilgrim. Drugs excluded under your pharmacy benefit will not be covered through this process. The request must include clinical information that supports why the drug is medically necessary for you. Harvard Pilgrim will approve the request if it meets coverage guidelines. If Harvard Pilgrim does not approve the request, you have the right to appeal. The appeal process is described in your benefit document.
