

## State of New Jersey Preventive Medications

State of New Jersey SHBP/SEHBP plans do not cover children’s multivitamins with fluoride and only cover plain (single entity) fluoride. The coverage details are shown in the table below. It was discovered that children’s multivitamins with fluoride were incorrectly covered under the previous Prescription Plan Administrator in 2017, and should not have been a covered item. The plan has confirmed this coverage decision. The handbook link on the back of this page has been updated.

### Preventive Medications

Drug	Preventive service guidelines	Coverage details	Covered drugs
<b>Aspirin</b>	Men — Age 45-79; or Women — Age 55-79:  75mg and 100mg per day, 100mg and 325mg every other day	Covered for men from ages 45 to 79;  Covered for women from ages 55 to 79	Halfprin, Ecotrin, Genacote, Empirin, Enteric Coated Aspirin, Bayer Aspirin, Children’s Aspirin, Low Dose Aspirin, St . Joseph Aspirin, Bayer Children’s Aspirin, Adult Low Dose Aspirin, and Baby Aspirin
