

Tufts Health RITogether Pharmacy Program and Preferred Drug List January 1, 2025

Our Pharmacy Program

We aim to provide high-quality, cost-effective drug therapy. We work with your health care providers and pharmacists to make sure we cover the most important and useful drugs. We cover both first-time prescriptions and refills. We also cover some [over-the-counter \(OTC\) drugs](#) if your provider writes a prescription and you fill it at a pharmacy.

Our pharmacy program does not cover all drugs and prescriptions. Some drugs must meet certain guidelines before we can cover them. Your provider must ask us for prior approval (PA) before we will cover these drugs.

Preferred Drug List (PDL)

We list all drugs based on their category and drug class, followed by generic or brand drug names. Use the index to find a drug by its generic or brand name. In general, we cover brand-name drugs only when there is no generic drug or if we give PA for the brand-name drug.

Copayments

Outpatient drugs that are medically necessary are covered when they are prescribed by a provider who is licensed to prescribe drugs. Some drugs on the Tufts Health RITogether formulary are only covered when your provider asks for PA. Your drug benefits and copayment amounts are based on your health plan.

Tier	Description
Tier 1	Generic drugs
Tier 2	Brand name drugs
Tier 3	Medical benefit (The drug is not covered at a pharmacy. Your provider will need to bill this drug through your medical benefit.)
Tier 4	\$0 copayment (For example, diabetic supplies.)
Tier 5	MB/RX (The drug is available under both the pharmacy and medical benefits.)

The *PDL* applies only to drugs you get at retail and specialty pharmacies. The *PDL* does not apply to drugs you get if you are in the hospital. Drugs you get while in the hospital are covered as part of your stay.

To see the most current *PDL*, please visit tuftshealthplan.com. Or call us at **866-738-4116** (TTY: 711).

Prior Approval (PA)

Some drugs always need PA. That means your provider must ask us for approval before we will cover the drug. One of our clinicians will review this request. We will cover the drug if:

- There is a medical reason you need the drug
- (Depending on the drug) Other drugs on the PDL have not worked

If we do not approve the request, you or your authorized representative, if you have one, can appeal the decision. See your [Member Handbook](#) to learn more about grievances and appeals.

Step Therapy Program (ST)

We cover some types of drugs only through our step therapy program. In this program, you must try first-level drugs before we will cover another drug of that type. If you and your provider feel a certain drug is not right for treating your condition, your provider can ask us for PA for the other drug. One of our clinicians will review the request based on our guidelines. If we do not approve the request, you or your authorized representative, if you have one, can appeal the decision. See your [Member Handbook](#) to learn more about grievances and appeals.

Quantity Limit (QL)

To make sure the drugs you take are safe and that you are taking the right amount, we may limit how much you can get at one time. Your provider can ask us for PA if you need more than we cover. One of our clinicians will review the request. We will cover the drug based on our guidelines if there is a medical reason you need a certain amount. If we do not approve the request, you or your authorized representative, if you have one, can appeal the decision. See your [Member Handbook](#) to learn more about grievances and appeals.

Generic Drugs

Generic drugs have the same active ingredients and work the same as brand-name drugs. Rhode Island has a Generic First Program that requires that all members use generic drugs first. When generic drugs are available, we will not cover the brand-name drug without giving PA. If you and your provider feel a generic drug is not right for your health and that the brand-name drug is medically necessary, your provider can ask for PA. One of our clinicians will review the request. If we do not approve the request, you or your authorized representative, if you have one, can appeal the decision. See your [Member Handbook](#) to learn more about grievances and appeals.

New-to-Market Drugs (NTM)

We review new drugs to make sure they are safe and that they work well before we add them to our *PDL*.

Coverage Limits

The Limitations/Notes column in the *PDL* shows when a drug has a certain requirement or limit for coverage. These may include:

- **AL – Age limit may apply**
This drug needs PA if the drug is not covered based on your age. Your provider should send us a PA request if the drug is medically necessary.
- **NTM – New-to-market drug**
This drug is not covered until we review it and make a decision about coverage.

- **PA – Prior approval**

This medication requires PA. Your provider may prescribe a different medication on the *PDL* or ask for PA.

- **QL – Quantity limit**

The amount of this drug is limited. If you need a larger amount, your provider should ask for PA.

- **ST – Step therapy**

This drug requires PA if you have not already used a first-line medication on the *PDL*. Your provider may prescribe another medication on the *PDL* or ask us for PA.

Specialty Pharmacy Program

A specialty pharmacy may supply you with some drugs often used to treat chronic conditions, like hepatitis C or multiple sclerosis. Specialty pharmacies have more knowledge about these drugs. Their staff can give extra support to members and providers.

Optum Specialty Pharmacy is our specialty pharmacy and can provide you with these drugs. In addition to providing specific specialty drugs, Optum Specialty Pharmacy will:

- Send drugs to your home, provider's office or any address you choose (except a P.O. box)
- Answer your questions and offer help with your drugs
- Give you information and support to help you manage your health condition and make sure you take your drugs the right way
- Have staff available who can help you at 844-265-1705
